

Planning and layout...

‘Our School has large grounds which have been predominately undeveloped and were in desperate need for a play area. The school wanted a feature for the playground which would represent the beginning of the future development and investment in to the outdoor areas. We wanted it to engage children, parents and staff. When Cathy visited she immediately bought in to our vision and her enthusiasm was brilliant and when we received the drawings, they were even better than we ever imagined!’ *Nicola Gordon - School Business Manager*

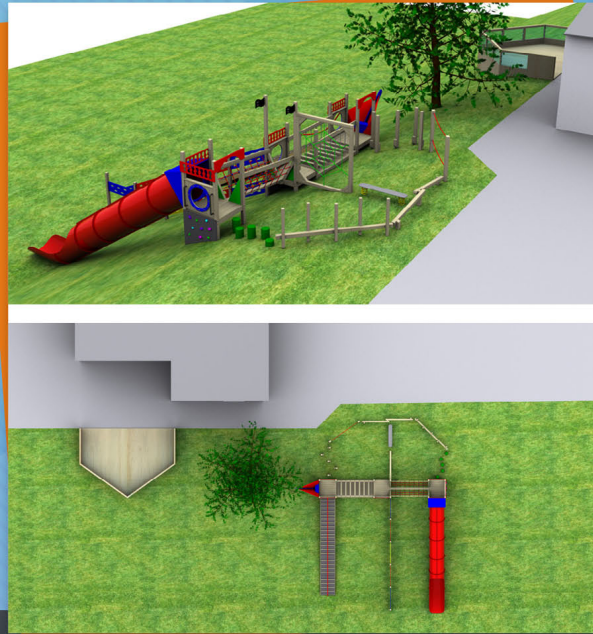

Outdoor PlayPeople

Imagine it

Bishop Bronescombe were keen to have a nautical themed play area as the School looks out over the glorious St Austell Bay. The design made use of a grassy bank leading onto the School playing field and incorporates role play, bank scrambling activities, as well as agility equipment.

Design it

The School loved the design, which has been created especially to suit their requirements and even incorporates the School's colours! They immediately asked us to come up with a 'mini version' to be positioned further along the bank for use by their youngest pupils.

Build it

We are experts in constructing play equipment to blend in with your landscape; including steep banks! Banks can often be a thrill for children when it's dry and they can't slip, but by including scaling activities and paths, the bank can be played on all year round.

Swashbuckling fun...

'This was probably one of the smoothest projects I personally have managed. The play equipment is well built, exciting, imaginative, innovative, striking and fit for purpose. This, we hope, will be the first of many creative play areas on our site, and we can't wait to see the next one! We hope to have a very long working relationship with Outdoor Play People and would encourage people to get in touch with them!'

Nicola Gordon - School Business Manager

Bishop Bronescombe School

Designed especially for Bishop Bronescombe School, the bespoke Boat themed play area makes use of a grassy bank which the kid's were desperate to play on. The selection of colourful play equipment offers themed role play for the youngest users and energetic bank scrambling activities for older kids, as well as agility equipment to improve balance.
