

# From conception to completion...

Haynes Motor Museum were looking to add a vehicle themed play area as part of their 4.5 million improvement plans.

‘Children learn best whilst playing and the play area we have designed between us has been specifically designed to teach children how we interact with the roads, cars and traffic. This is essential if children are to understand road safety, which would come later.’

*Mike Penn - Curator, Haynes Motor Museum*

## Haynes Motor Museum

The play area has a full variety of activities with lots of imaginary play, a pedal car track and the adjoining Haynes Hatch race track. The scheme is enriched with theming and the area has scope to evolve and grow as and when Haynes feel it's viable. Officially opening this season, it's an exciting time for visitors to Haynes for a whole new set of reasons.

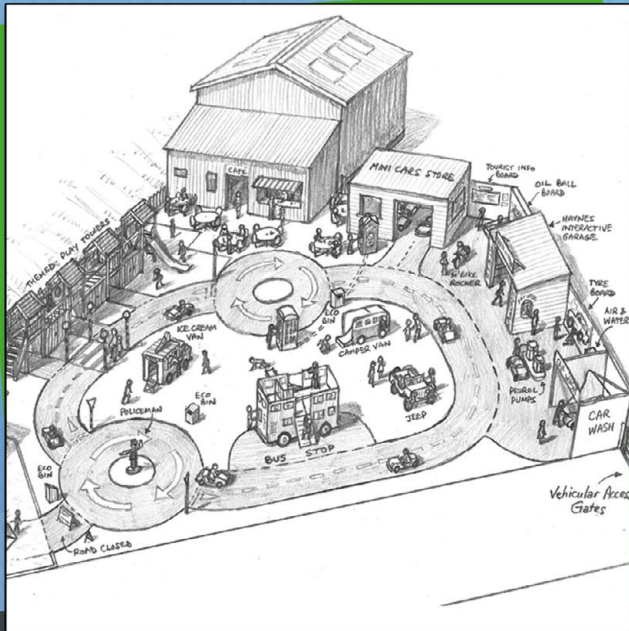

# Planning and layout...

'Outdoor Play People have been an absolute pleasure to work with. As a museum we are no experts in play area design but we had a clear idea of the message we wanted to convey to our young visitors. The company are expert communicators turning our ideas into tangible units whilst checking with us at every stage that our criteria was being met. Their artisans are clearly skilled in their art introducing humour into the design without fudging the educational issues. They gently guided us when they felt we were wrong and compromised within correct boundaries when necessary.' *Mike Penn - Curator, Haynes Motor Museum*

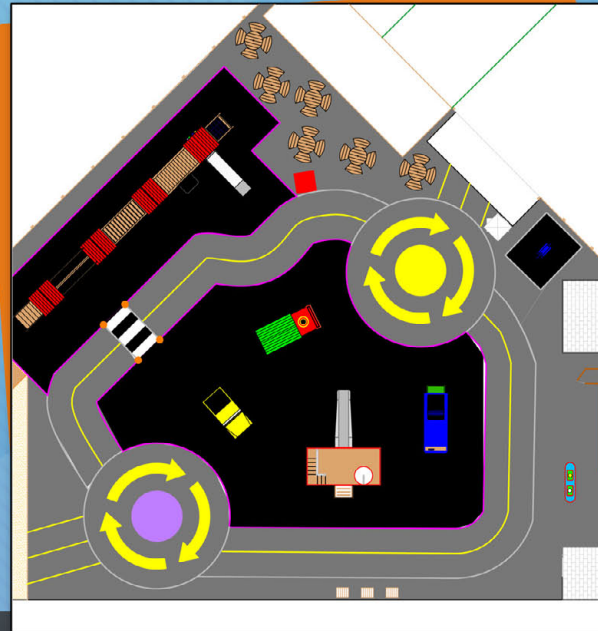

# Outdoor PlayPeople

### Imagine it

Outdoor Play People believe every project is a new challenge that deserves unique attention and development. Being creative is an integral part of our job and we work with the customer to ensure the creative vision leads to an end product as good as we have all imagined.

### Design it

We provide customised designs and layouts for all our play areas and make sure all of our designs work with the space provided. With extensive play industry experience we can help our customers to maximise play value within their carefully planned budget.

### Build it

Our creative team take enormous pleasure in transforming the magic of an idea into a reality which will exceed our customer's expectations. We ensure even the smallest details are thought through and we design and build all of our play areas with the utmost care.
