Our Process

In order to ensure a smooth and stress free experience, and to make sure we fully understand and meet your requirements, we follow a simple 6 step process for our projects.

Contact Us

Contact us by phone or email & let us know your requirements & any products you may be interested in.

Discuss Details

After our initial contact we'll arrange a meeting at a suitable time to discuss in more detail what you hope to achieve and to answer any questions you may have.

Design

Either during the meeting or after, we'll go through the design brief to help us establish exactly what you want from your play area and once we have a good understanding of your requirements we'll go ahead and produce a design for you.

Adjustments

Once you've had a chance to look through the design and quote you can let us know if you have any changes you would like us to make.

Manufacture

When we have your sign-off on the design and all the information we need, we will begin manufacture.

Completion

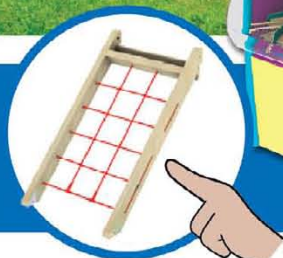

Once manufacture is completed we will arrange installation or delivery of your play equipment, whichever you requested. We will also go through any relevant maintenance with you & arrange a safety inspection.
